

KG - ADS

**This presentation was developed in
conjunction with:**

**The AMEDD's Link
To Quality
Information**

KG-ADS Advancements

- **Electronic Solution for MTF's**
 - **KG-ADS resides within CHCS**
- **Replaces Patient Encounter Summary Form**
- **Impact:**
 - **No Scanning**
 - **No On-Line Editing**

KG-ADS

Advancements

- **Provider Driven**
 - **Provider cannot file an Incomplete Record**
- **Overlays can be customized to Clinic or Provider specifications**

KG-ADS

THE MENU FUNCTION

- Eliminates the need for providers to search for codes
 - Send mail message within CHCS mail to on-site coder
- Coder will find code for provider
 - Coder will send code back to provider
 - Coder can complete record for provider

Accessing Completed Records

NOTE: Once patient records are
Providers can modify any
record.

Ambulatory Reports

- 1. Appointments with No ADS Records by Clinic**
- 2. ADS Patients with 3rd Party Insurance**
- 3. ADS Records with Unresolved Coding Issues**
- 4. Compliance Report**

NOTE: BusinessObjects will remain as the Ad Hoc Reporting Software

Appointments with No ADS

Records by Clinic

- **Allows a clinic manager to verify what records are complete**
- **This report can be run by clinic by provider**

ADS RECORDS WITH 3RD PARTY INSURANCE

- **Mostly utilized by Third Party Collections**
 - **Shows patients with insurance in CHCS**
- **Shows all codes from patient visit**

ADS RECORDS WITH CODING ISSUES

- **To show which records are still outstanding after message sent to on-site coder through the Mail Function**

COMPLIANCE REPORT

- **This report gathers KG-ADS compliance based on the following:**
 - **PROVIDER**
 - **MEPR CODES**
 - **DIVISION**
 - **DATE RANGE**
